DETAILED ACTION

1. Pursuant to Applicant's March 10, 20⁰~~2~~05 Petition that was granted, Applicant's October 28, 2004 and November 17, 2005 Amendments have been reviewed.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 10, "a level of quality" is not clear as to its meaning.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. Claims 1-16 are rejected under 35 U.S.C. 101 because the claimed invention lacks patentable utility. No tangible result is recited from independent claim 1.

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 1-16, as understood, are rejected under 35 U.S.C. 102(b) as being anticipated by CS Chemfinder, "The ChemFinder WebServer: Indexing Chemical Data o the Internet." (hereafter Chemfinder). See figure 7 of Chemfinder.
7. Further references of interest are noted on the attached PTO-892.
8. Applicant's Information Disclosure Statement (IDS) received September 22, 2006 has been briefly reviewed. The sheer volume of the IDS prevents a thorough review of each document. Applicant is requested to comment upon the relevance of each document in juxtaposition with the claims.
9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Joseph Rudy whose telephone number is 571-272-6789. The examiner can normally be reached on Monday thru Friday.
